ROYAL SHIELD
USED VEHICLE LIMITED WARRANTY

Royal Shield protection allows you to drive with confidence knowing that your quality used vehicle is covered against future repair costs.

IMPORTANT: This is a supplement to your vehicle manufacturer owner's manual and owner's guide.

Please keep this supplement, along with your other Royal Shield documents, in the glove compartment of your vehicle for reference as required. The information contained herein is intended to outline highlights of your Royal Shield Used Vehicle Limited Warranty protection. All data, including the terms and conditions of the Royal Shield Used Vehicle Limited Warranty protection, is based on the latest information available at the time this document was published and is subject to change without notice. Additional important information about your vehicle is found in your manufacturer's owner's guide. Please be aware that modifications to your vehicle could affect its performance, safety, durability and eligibility for Royal Shield coverage, and could violate government regulations. It is recommended that you check with your dealer before any such modifications are performed.

Congratulations, and thank you for purchasing a Royal Shield-protected used vehicle. To wear the Royal Shield emblem, your vehicle has undergone a detailed 50-point inspection by factory-trained technicians to prepare for resale – and to ensure your complete satisfaction.

You can drive with confidence knowing Royal Shield covers your vehicle's components.

Please review this guide carefully to familiarize yourself with your coverage.

General Provisions

Limited Warranty Coverage

Royal Shield covers repair or replacement of vehicle components that fail due to a defect in materials or workmanship or normal wear and tear resulting from a defect in materials or workmanship. Coverage is limited to those components and parts listed in this brochure. Coverage excludes items identified in the contract provisions. Please refer to the back side of your Royal Shield Limited Warranty for all provisions related to this warranty.

Owner's Responsibilities

You are responsible for properly operating and maintaining your vehicle in compliance with the requirements set out in the manufacturer's owner's manual. Proof of maintenance may be required. Maintenance records consist of documents that include mileage, date and maintenance performed.

Where to Go for Repairs

It is recommended that you return to your selling dealer for repair of a covered component. If your selling dealer is no longer in business, or there is an emergency situation, please call 1-800-521-4140 for prior authorization and assistance in locating an authorized repair facility.
